

# BLUE STAR® Cable Cutters & Wire Rope Cutter

BLUE STAR® Cable Cutters are designed to cut insulated aluminum and copper cables of different diameters with minimum distortion of internal wires. Drop forged, heat treated and precision ground alloy steel jaws cuts the cables swiftly and cleanly. The heavy duty CP and CC type cable cutters are fitted with drop forged levers for reduction of load on blades and ease in cutting. Strong tubular metal handles offers greater degree of leverage and control for continuous cutting. Handles are fitted with PVC grip for comfort & slip resistance. Replacement jaws are available for Cable cutters. BLUE STAR® Wire rope cutter shear cuts soft or low tensile (Commercial quality) wire ropes up to 16 mm (5/8") diameter with minimum splaying of wires. This wire rope cutter will not cut High tensile, S.S or any hard wire ropes of any diameter
